

4. If this will be a dual listed course, indicate how the distinction between the two levels will be made.

Students in the graduate level will have to answer additional questions on exams that demonstrate a deeper level of understanding of the material. They will be expected to write papers for the course that likewise demonstrate a greater nuanced and deeper comprehension of the course material.

5. Desired section size        25

6. Provide qualifications of faculty who will teach this course. List name(s) and degree(s).

Troy White, Assistant Professor, Ph.D.

Laura Hasselquist, Assistant Professor, Ph.D.
