Date

by 2023. A merger between CACREP and Council on Rehabilitation Education (CORE) has created new standards and the curriculum above is designed to meet those standards.

The title of the specialization will be changed from Rehabilitation and Mental Health Counseling to Rehabilitation Counseling. The Department also offers a Clinical Mental Health Counseling specialization within the M.S. in Counseling and Human Resource Development. The similar titles have been confusing when referring to the two specializations. In addition, the changes requested to update the CIP code will more accurately reflect the nature of the specialization.
