

3. Policy

- a. The University requires a minimum of one percent (1%) of each Key Personnel's University Effort on most federal research grants, on an ongoing basis over the period of performance of the grant. In the event salary is not allowed on a grant, minimum effort will automatically be pre-approved as cost share.
- b. The following grants are typically excluded from the requirements of this policy:
 - i. Equipment and instrumentation;
 - ii. Doctoral dissertations, including fellowship/scholarship awards;
 - iii. Training grants and mentor effort;
 - iv. Specific purpose grants such as travel grants, workshops, and conference support grants;
 - v. National Science Foundation (NSF) Research Experiences for Undergraduates (REU)
