Academic Requirements

Satisfactory academic progress is defined as:

- If a student obtains an unsatisfactory final grade (D or F) in any class in the program curriculum and repeats it, the grade in which repeated class must be at least a C.
- Any general education course in the respiratory care curriculum may be repeated more than once, but the final grade must be at least a C.
- RESP prefix courses may be repeated only once to remove any unsatisfactory grade.

Individual course syllabi give details on grade determination, content, and requirements for each course.
